SUBJECT Manufacture of Trucks, Automobile Parts and the
Repair of Typewriters and Calculating Machines
25X1A6a

INFO.

DIST. 14 January 1947

PAGES 1

SUPPLEMENT

ORIGIN
25X1X6

1. The SMA has approved the manufacture, at the Horch Werke, of 300 trucks with three-ton trailers. Work is to be completed by January 1947.

2. At Sächsishe Aufbauwerke, the former Auto-Union employs about 5,000 workmen in the ten plants. At present spare parts, recently unobtainable in the market, are being manufactured. Three shifts are worked on some of the machines, of which an insufficient number are available. Small delivery vans are to be built soon, and it is hoped that permission for the manufacture of passenger cars will be obtained.

3. The former Wanderer Works (which forms part of the Sächsishe Werke at present) is engaged principally in the repair of typewriters and calculating machines. The position of raw materials is not satisfactory. There were formerly 8,000 people employed; now there are 800.
